

**European Eye Bank Association
XXIII Annual Meeting
Freiburg 21-22 January 2011**

**Program
Poster presentation**

Posters

P - 1

Pilot Study of endothelial cell density in tissue external quality control in AFSSAPS (FRANCE)

Delesalle N., Dubus J., Auxenfans C., Tanguy E., Martinache I., Acquart S., Giraud M., Fleury L.

P - 2

Central reading of corneal specular micrographs is superior to on-site cell counting in multi-centric clinical trials

Böhringer D., Hettich L., Maier P., Reinhard T

P - 3

Homologous cellular peptides protects donor corneal endothelial cells during corneal storage at 4 °C

Borzenok S., Rolik O., Komakh Y., Volkova O., Kovshun E.

P - 4

Modulation of Apoptotic Signaling Pathways to Promote Endothelial Cell Viability by Gene Therapy

Fuchsluger T.A., Jurkunas U., Kazlauskas A., Dana R.

P - 5

Effect of extracellular matrix proteins on adhesion of cultured human retinal Pigment epithelial cells

Eidet J., Utheim T., Utheim O., Myrvold L., Lyberg T.

P - 6

Retinal pigment epithelium cells from cadaver donor eyes: selection, isolation, cultivation and the cryopreservation

Borzenok S., Malyugin B., Komakh Y., Saburina I., Vasiliev A., Aleksandrova M., Kuznetzova A., Zuravleva E., Arbukhanova P.

P - 7

Influence of different culture media on morphology and gene expression profile of human limbal epithelial stem cells

Thomasen H., Steuhl K.P., Meller D.

P - 8

Oxidative stress in bovine corneal epithelial cells during optisol GS storage

Haug K., Johnsen-Soriano S., Arnal E., Moe M.C., Collins A.R., Nicolaisen B., Romero F.J.

P - 9

Developing technique for organo-typical cultivation of limbal allografts

Borzenok S., Tonaeva K., Onishchenko N., Komakh Y., Krashennnikov M., Shatskikh A., Kovshun E., Volkova O.

P - 10

Storage of cultured human limbal epithelial cells in HEPES-MEM at 23 °C

Utheim T., Eidet J., Utheim O., de la Paz M., Raeder S., Ulltveit-Moe H., Huynh T., Salvanos P., Roald B., Lyberg T.

P - 11

Intact corneal epithelium eight years after autologous cultivated limbal epithelial transplantation in limbal stem deficiency

Chankiewicz E., Thomasen H., Pauklin M., Steuhl K.-P., Meller D.

P - 12

Development of a specific communication training for ophthalmologists in Cornea Eye Banks

Stiel S., Salla S., Steinfeld A., Hamsley N., Hermel M.

P - 13

OCT-Controlled femtosecond laser preparation of the cornea

Lubatschowski H., Kermani O., Will F., Blomberg L.

P - 14

15 years of Warsaw Eye Bank activity (1995 - 2010)

Szaflik J., Liberek I., Polak D., Matejak A.

P - 15

The end of tissue cultured corneas in the Czech Republic?!

Zlacka D., Krabcova I., Jirsova K.

P - 16

Factors influencing the consent for cornea donation requests via telephone interview

Monhof K., Steinfeld A., Salla S., Hamsley N., Walter M., Stiel S., Hermel M.

P - 17

Different screening policies for Hepatitis B

Fischer N., Varssano D., Alba M.

P - 18

Factors involved in the occurrence of “No Serum Sample” in corneal donors despite successful blood sampling

Rezaei Kanavi M., Javadi MA, Hashemi MS., Hashemi AS., Mousavi AK.

P - 19

FK506 Eye Drops: galenic and analytic development

Rival B., Delbosc B., Limat S., Lenancker G., Fagnoni-Legat C., Guillaume Y.

P - 20

Bioengineering of biokeratoprosthesis complex

Borzenok S., Shipunova A., Komakh Y., Moroz Z., Kovshun E., Volkova O., Vasilyev A., Dashinimaev E.
